VECTEC
COST-CUTTING SOLUTIONS
FOR MINIMALLY
INVASIVE SURGERY

VECTEC S.A.

VECTEC disposable laparoscopic monopolar L-hook dissector.

Excellent value for money.

Reference	Working length	Diameter	Hook width
H5 330	330 mm	5 mm	5 mm

The VECTEC L-hook electrode with blunt tip ensures fine dissection.

Complete and even sheathing of the instrument guarantees optimum electrical insulation and comfortable grip during the surgical procedure.

The integrated hook connector fits any monopolar cable plug which conforms to current safety standards.

The VECTEC L-hook is packed in a sealed pouch and sterilized by ETO to EN 550 standards.

ISO 9001 V 2000 and ISO 13485 V 2001, certified.

Packaging : box of 25 individually packaged units.
